

American Barbell 6 Bar Vertical Storage Rack ST-6BAR

Optimize your gym space with the American Barbell 6 Bar Vertical Storage Rack, an ideal combination of functionality and style for any commercial gym or home fitness setup. This compact rack efficiently organizes up to six barbells, maximizing floor space and keeping your equipment well-ordered and within easy reach.

Each storage tube features plastic protectors and rubber bumpers, ensuring that bar sleeves are shielded from scratches and wear. The rack's broad base delivers outstanding stability, maintaining its upright position and security, even when fully laden with bars.

Coated in matte black urethane, this durable rack not only offers a robust storage solution but also adds a sleek, contemporary aesthetic to your training environment. It accommodates a variety of bars, including specialty bars, and is ready for immediate use with no assembly needed.

This vertical storage rack is a smart investment for keeping your bars neatly organized, readily accessible, and in pristine condition.

Please note: The bars shown in the image are not included with the rack and are available for separate purchase.

- Vertical storage for up to 6 bars
- Plastic protectors
- Rubber bumpers
- Wide, secure base
